

GRADE Centre BioMed FIRST

## APPENDIX To SUPERVISION AGREEMENT

The Doctoral Candidate            will attend regularly and actively participate at the following courses and events of GRADE BioMed FIRST and/or the Research Training Group/Collaborative Research Centre           :  
(please tick as recommended and/or add courses of the specific programme)

### Catch-up courses

- Current Highlights in Molecular Medicine (1 semester) and Current Highlights in Chemical Biology & Medicinal Chemistry (1 semester)
- Basics in Medicine & Pharmacology (1 semester)
- \_\_\_\_\_
- \_\_\_\_\_

### FIRST Core Curriculum on Drug Research, Development and Safety

- Attendance is essential. Minimum requirement: successful attendance at least 10 modules out of 12. Costs of 300€ will be covered by the PhD programme (GRK, SFB, FOG etc.) or by the primary supervisor of the PhD student.

### Specific courses of the PhD programme

- \_\_\_\_\_
- \_\_\_\_\_

### Mandatory attendance at the following events (registration is required)

#### BioMed FIRST-seminars

- Current Highlights lecture series
- SFB-seminars
- Georg-Speyer-Haus seminars
- pharmazentrum frankfurt seminars
- \_\_\_\_\_

#### Presentation of the PhD project at regular intervals (twice a year)

The presentation can be done at the Summer Schools or Winter Schools or at seminar series of the PhD programmes (SRB, FOG etc), institute seminars etc.

#### At least 2 elective scientific courses

- From Target to Drug – TNFalpha
- Clinical and Molecular Immunology
- Tumour Biology
- Molecular Virology
- Pain Research – from animals to humans
- Regenerative Medicine – from bench to bedside
- Biopharmaceuticals
- \_\_\_\_\_
- \_\_\_\_\_

Updated list on the BioMed FIRST homepage; changes due to number of participants or constellation of interests of the PhD students can occur.

### Scientific Writing

### Scientific Presentation

If required the Doctoral Candidate should register at the BioMed FIRST coordinator via email or at the attendant of the PhD programme. The courses and events of BioMed FIRST should be spread reasonably throughout the 3 years of the PhD project. Costs will be covered by the PhD programme (GRK, SFB, FOG etc.) or by the primary supervisor of the PhD student, unless otherwise noted.
